College Management System.

- A college management system built with HTML, CSS, JavaScript, Bootstrap, and jQuery allows for efficient online management of various college operations. It provides a user-friendly interface for tasks like student registration, fee management, and more. The system leverages the power of these technologies to streamline processes, enhance communication, and improve overall administrative efficiency.

ADDITION INFORMATION

- **Languages:** English, Hindi, Marathi.
- **Hobbies:** Play Online Games, Trekking, Listening Music.
